### DATE OF DESCRIPTION 2002

**DESCRIPTION** Proceed 4.1 km (2.55 mi) south along the Canyon-Tower highway from the ranger station in Tower Junction to the intersection with a paved road that leads southwest towards the Tower campground. Take the campground road, passing a 4-way intersection at 0.3 mi down the road (to the right, south, is the campground and to the left, north, is an employee-only service road). At 0.05 mi beyond the 4-way intersection is a 3-way intersection. The bench mark is south of the main road (which leads to the area exit) and west a road that joins from the campground, 1.5 m above main road, in largest boulder in the region, near a fire pit and picnic table in the hiker-biker camp, and near food storage bin #8.

Looking east along road at bench mark (beneath orange hat).

Looking north at bench mark and roads.

Looking west at three-way intersection and bench mark (near right-most picnic table).
